SEMI-WEEKLY TUESDAYS AND FRIDAYS

GROWING WHISKERS
For the city's annual Pioneer Pilgrimage is something every man can do to help create the proper historic atmosphere.

VOL. XXXVII. UPLAND, CALIFORNIA, TUESDAY, JULY 21, 1931.—4 PAGES. NO. 21.

PILGRIMAGE WILL BE DISCUSSED AT TUESDAY MEETING

General Celebration Committee Calls All Organizations Together

GROUPS TO GET TASKS

Gibson Will Tell What Is Expected of Various Clubs in Celebration

For the purpose of laying preliminary plans of the Pioneer Pilgrimage before the public and offering suggested features for the various organizations to undertake in the event, a public meeting will be held next Tuesday night.

At least two representatives from every organization in the city will be asked to attend and the list of organizations includes Etiwanda, Cucamonga and Alta Loma as well as Upland. Each group will be asked to cooperate and may be assigned some specific task to sponsor in the preparations and in the actual presentation of the pilgrimage.

The general celebration committee met yesterday afternoon with decision to call the Tuesday meeting and much discussion on suggested features, the result. Ernest H. Gibson, general chairman, said today the general public is invited to the meeting, which will be held either in the Tenth street grammar school or the Upland Woman's clubhouse.

Start of the whiskerino August 1 is an event attracting much interest and within a few days an important announcement will be made concerning the annual custom of whisker growing. A bar is to be established and in general the city is to take on the appearance of an old pioneer town.

September 9 is the day when the pilgrimage will be held and it is the day when thousands of persons will see presented a historic procession, depicting the early struggles and life of those who made the west years ago.

Meetings of the general committee will be held several times a week and as the date for the event comes near, more detailed work will be done. Cooperation is expected from all the men in growing whiskers, and from all the local organizations.

Bethany Union Aid To Meet in Church

Bethany Union Ladies Aid society will hold the regular meeting Friday at Bethany Union church, as usual. It had been planned to hold the meeting in the park, but the decision to meet in the church was announced this morning.

The meeting will open at 10 a. m. and lunch will be served at noon, with an afternoon session following.

Still Possession To Be Topic of Hearing

CUCAMONGA, July 21.—W. A. Winton of Cucamonga is today out on $1000 bail on a charge of possession of a still and he will face Judge James Sharp next Tuesday on a preliminary hearing.

C. B. Lamb, who was arrested over the week-end on a gambling charge, was fined $25 yesterday. Four other persons, Mexicans, were arrested over the week-end on drunk charges and will face the judge for a hearing this week.

Wedding Saturday at Presbyterian Manse

Coming to Upland for their wedding, William Urquart of Pomona and Margaret G. Wall of Los Angeles were united in marriage Saturday evening, July 18, at the Presbyterian manse on Euclid avenue. Dr. R. C. Stone performed the marriage ceremony, the witnesses being Clifford Bradford and Mrs. Frances Bradford.

Silver Link Rebekah Lodge Meets Friday

Silver Link Rebekah lodge will hold a regular meeting in the I. O. O. F. hall Friday night. The new noble grand, Mrs. Anna Yeagerline, will preside for the first time since her recent installation.

College Heights Annexation May Follow Joining of Water Firms

Dealings between the Tioga Mutual Water company and the West End Consolidated Water company were today still under way and when details of consolidation are completed, steps will be taken to bring the College Heights district within the city of Upland.

Directors of the Tioga company are preparing to join forces with the larger mutual concern and such a change will necessitate looking to the city for the domestic water supply. The desired end is for the College Heights residents to vote at the proper time for annexation to Upland.

Following completion of the consolidation details and other matters concerning the Tioga company, a petition will be circulated asking for an annexation election. Faced with the water situation, it is believed the College Heights residents are favorable to the plan of joining the city.

The matter was first brought to attention of the public at the city council meeting Thursday when officials of the Tioga company sought to determine if the council would be favorable to taking in that district and supplying water. The council expressed a willingness to serve that territory.

All that part of the territory west of Benson avenue to the county line, from the Santa Fe tracks to Thirteenth street, not already in the city, would be affected by the annexation proceedings. A small strip west of Benson along Tenth street to the county line is already a part of the city.

S. M. Jessup, a director of the Tioga company, said it might be several months before the details would be completed.

PEDDLERS' LAW IS GIVEN POOR START

Ontario Turns Down Proposed Measure; Other Cities Will Study It

Ordinance, designed to regulate house-to-house salesmen didn't get very far when it was presented to the Ontario city council last night and the same suggested ordinance is to be considered by the Upland city council and five other councils in the citrus cities.

While Edward E. Gray, local city attorney, prepared the document, he was not entirely in sympathy with the feature that called for all persons to be finger-printed. It was this feature that drew objection from E. H. Jolliffe, Ontario city attorney, last night. nO his recommendation, the measure was not given approval.

The measure calls for all salesmen to be finger-printed before an identification card is issued. The suggested ordinance was adopted and recommended the seven chambers of commerce in the citrus district and given to the various city councils for approval.

The proposed oridnance is to be considered by the Upland council at its next meeting.

WORK UNDERWAY ON CHAFFEY BUILDINGS

Fontana Addition Being Laid Out and Gym Contracts Are Awarded

Actual work in the building of a high school addition at Fontana was today started with Fred W. Williams, local contractor, in charge of the inspection work for the Chaffey district. The Fontana structure will be built immediately.

Ground is being cleared for the addition to the junior college structure on the Chaffey campus and within a few days workmen from the Campbell Construction company will be busy enlarging the Chaffey gymnasium.

Contracts for the larger gym were signed by the Chaffey board of education last night. Campbell Construction company, Ontario, was given the contract for the gymnasium addition. Other contracts signed include R. J. Cornelius, Ontario, plumbing, and Haverty & Company, Los Angeles, heating. All electrical contracts were returned and the work will be done by day labor. Cost of the structure will be about $25,000.

San Antonio Canyon Building Increases

Summer months have shown increased construction activity in San Antonio canyon and adjacent canyons.

Several large cabins are under construction near Camp Baldy as well as farther north at Manker flats and Glacier flats.

The mountains are proving popular with valley residents this season and Camp Baldy, Bear Canyon camp, Eleven Oaks, Icehouse resort, Alpine Woods and Snowcrest all report good summer business. Dances are being held at Baldy every night xcept Monday.

CUCAMONGA POSTAL BUSINESS GAINING

New Building Program Given Consideration; Extension of R. F. D. Asked

CUCAMONGA, July 21.—With the Cucamonga postoffice doubling its business within recent years and with a general tendency among local institutions to locate on Foothill boulevard, prospects of Cucamonga getting a new postoffice building are said to be a little brighter.

Opening of the Cucamonga First National bank and the Cucamonga Building and Loan association in their new buildings on Foothill within a few weeks, will move from Archibald avenue the principal business concerns. Agitation is under way for the postal headquarters to be located on Foothill.

Plans for the structure are being considered by Eugene Cerrat, architect, and within a few weeks an estimate of the cost will be available.

Some changes in the route of the R. F. D. carrier are also being considered, as the result of petitions from local residents. A. C. Beattie, postmaster, said he did not know how soon any action would be taken on the proposed plans for the structure and for the change in the route.

Upland Group Will Attend W.C.T.U. Day at Pacific Palisades

A number of local members of the W. C. T. U. are planning to attend the annual "W. C. T. U. Day" to be held in Pacific Palisades tomorrow. Each year a day is set aside for a special W. C. T. U. program and the large auditorium in the beach town is given free of charge for the gathering, which draws attendants from all over the state.

The program tomorrow will be featured by addresses by state and national officers and other prominent speakers, among them being Anna Marden DeYo of Chicago, national corresponding secretary; Mrs. Wheeler, California state president, and Attorney Ben F. Geis of San Francisco.

There also will be a great oratorical contest, six leading universities and colleges participating.

The entertainment features of the all-day meeting will be the appearance of The Troubadors, the Apollo trio of radio fame, and the Pacific Palisades quartet.

Madonna Sculptor Wants to Come Here

A. Leimbach, sculptor of the Madonna of the Trail monument, wants to come to Upland or some other city in Southern California.

He wrote to Clair E. Kirk, chamber secretary, concerning conditions here and expressed a desire to become connected with some school where he might use his training as a sculptor, painter and designer.

Mr. Leimbach made the Madonna of the Trail monuments that line the nation along the Old Santa Fe trail.

Dorothy Kearns of Chino is a guest in the home of her uncle and aunt, Mr. and Mrs. Frank Warner, on Twenty-fourth street.

CUCAMONGAN DIES IN AUTO CRASH ON CAMP BALDY ROAD

"Bill" Williams Killed When Tire Blows Out, Sending Machine Wild

PLUNGES THROUGH GLASS

Victim of Crash Found After Being Dead About Two Hours, Report

His head partially protruding through the windshield and his throat bleeding from cuts, William "Bill" Williams, employe of the former Rowe-Wilkinson hardware store, Cucamonga, was early this morning found dead on the Camp Baldy road, about one-fourth of a mile north of Twenty-sixth street.

A blown-out front tire, marks on the north side of the embankment and front end of the machine badly damaged as it hit a cement culvert were the evidences that the machine became uncontrollable as the man came down the canyon road. When the car hit the culvert, Williams, it is believed, was thrown into the windshield.

At 3 o'clock this morning, a rancher living near the scene of the accident, heard a crash, he told authorities, but as he is occasionally awakened by cars, he did nothing. Two hours later, a Camp Baldy employe, coming to Upland, discovered the man and when a Stone ambulance arrived, Williams was cold in death.

Mr. Williams has been residing with his mother, Mrs. Henrietta J. Rowe in Ontario. He is the half-brother of Sam B. Rowe of Upland and is survived by three sisters, Mrs. W. E. Pyle, Alta Loma; Mrs. Chester Johns, Ontario, and Mrs. Byron Graves, San Francisco. Other brothers surviving are J. H. Williams, Ontario, and Thomas Rowe, San Bernardino.

Mr. Williams, 40 years of age, was alone in the car, returning from the canyon resort, where he had gone to visit friends. He has been in Cucamonga for about two years and until recently worked for the partnership which included Mr. Rowe. The Klusman brothers, Cucamonga, recently purchased the store and Mr. Williams had been placed in charge.

Funeral arrangements are in charge of the J. B. Draper & Co.

Mrs. T. C. Jones, who has been the guest since May of her brother-in-law and sister, Mr. and Mrs. C. S. Kelley, left Friday for her home in Albuquerque, N. Mex.

OUTSIDE SOURCES TO PAY SALARIES OF J. C. TEACHERS

New Unit and Current Expenses Will Also Receive Help From State

OTHER COUNTIES PAY

Dr. Hill Explains Sources of Money for Operation of Junior College

It is of special interest to the public to know that the Chaffey Junior college will recevie sufficient funds from outside sources this fiscal year to pay all teachers' salaries, $81,983.88 on the new Jaysee unit, and $124,459.71 on current expenses besides. This announcement was received by The News today from Dr. Merton E. Hill, supervising principal, who is now at Berkeley.

The proportion of district tax devoted to the J. C. program will become less as the Jaysee program expands in the new building. This is a remarkable achievement and should be fully recognized and appreciated by the Chaffey district.

State apportionment to Chaffey is $54,000, which is 26 per cent of the total received and will all be applied on teachers' salaries. Tuition from counties sending students here will be $44,443.59, and $32,165.09 of this will be applied on teachers' salaries. Additional outside sources bring $8,000 and district taxes will bring $100,000.

These facts point out that the district is more and more having the benefit of the junior college and experiencing a gradual lessening up of the expense of maintenance.

Gas Lower As New Price War Opens

Fourteen cents a gallon was the prevailing price here today for gasoline, as the major companies this morning reduced the price to start off what appears to be another state-wide gas war.

Local service station men were not optimistic over the outlook for indications point to still a lower price to the retailer. Less than a month ago one price war ended, and since then there have been rumblings of another contest among the dealers to see who could sell the cheapest.

With the reduction today by the major companies, the battle was said to be in earnest.

MRS. KUEHNY DIES AT LEDIG HOME

Funeral Service Wednesday, 2 P. M. for Mother of Mrs. August H. Ledig

Succumbing to an illness of three months duration, Mrs. Barbara Kuehny, mother of Mrs. August H. Ledig, died at 10:30 Monday night at the Ledig home on Hellman avenue, Alta Loma.

Mrs. Kuehny, who would have been 83 years old in August, came to California 28 years ago and made her home in Upland until 11 years ago when she went to live with her daughter in Alta Loma. She was well known throughout the West End and had many friends in this and the surrounding communities who will be grieved to learn of her death.

Besides Mrs. Ledig, Mrs. Kuehny leaves another daughter, Mrs. Earl Brown of Glendale, a daughter-in-law, wife of the late M. S. Kuehny, of Hollywood; one brother, P. J. Schmidt, of East Tenth street, Upland; four granchildren, Barbara and Bernice Brown, twin sisters, of Glendale, Mrs. Leonard Anderson of Los Angeles, and Gretchen Kuehny of Hollywood; also a number of nieces and nephews.

Funeral service will be held at 2 o'clock Wednesday afternoon in the Upland Mennonite church, the Rev. A. J. Neuenschwander officiating, and interment will be in Bellevue cemetery.

Arrangements ar in charge of J. B. Draper & Co.

Local W.C.T.U. To Hold Election and Picnic; Plans Made

Planning for future W. C. T. U. events occupied the greater part of the time during the meeting Friday afternoon of the local union held at the home of Mrs. Eddie Clauson on West Fourteenth street. Mrs. Jay Rogers, president, presided.

The annual meeting and election of officers will be held on Friday, Aug. 21, in the Ontario Fourth street park, and will be followed by a picnic. The meeting will open at 2 p. m. and the members are requested to be on time so that the annual business may be transacted promptly. The picnic supper will be held shortly after 6 o'clock and the families of the members will attend.

Another important event discussed at the Friday meeting was the annual W. C. T. U. Day at Pacific Palisades on Wednesday, July 22, when an all-day meeting will be held and national officers and other prominent speakers will be on the program.

Kenneth Walton Will Return to Arizona

Concluding a 10-days visit here with his parents, Mr. and Mrs. DeForest L. Walton, Second avenue, Kenneth Walton will return Thursday to Globe, Ariz., where he has been playing for the past 11 months with a large orchestra.

The orchestra has a permanent weekly circuit with headquarters in Globe. The climate there is very pleasant, Mr. Walton says, due to the high altitude, and he is well pleased with his location there.

Mr. and Mrs. Donald Stroh and small daughter, Barbara, who have been visiting here for the past three months at the R. O. Collier home, left Monday noon for their home at Fort Collins, Colorado. Mr. and Mrs. Stroh are the nephew and niece of Mrs. Collier.

GROWERS' MASSACRE PUTS ETIWANDA OUT IN FRONT FOR PLAY-OFF SERIES

18 to 3 Win Is Decisive as Etiwanda Trounces Rivals Last Night

KEMP PERFORMS WELL

Inability of Growers' Pitchers to Check Batters Results in Defeat

Most decisive defeat of any team in the Upland night ball league came last night when the favorites tumbled and had heaped on them 18 scores and Etiwanda's victory was all the more impressive by the way they pounded the ball and the way they checked the hard-hitting, fast Lemon Growers organization. Enos Leaman, the veteran manager, could do nothing but see his boys take the short end of an 18 to 3 game.

Size of the crowd set a record, and along with the record established in the extent of the Growers' massacre, it was a great night.

One would never have imagined such a defeat from the way the game started. Kemp, who in previous games has given more or less of a wild performance, kept cool, and one felt that any time he might get in so bad he would blow up.

But he didn't, even though the Growers took an early lead and threatened to lambast the pellet out of the lot. In the early innings the Growers got on base and the runners were all set to come home, but Kemp, assisted by fine support, let them die on bases.

This time it was Meek, the curve-ball pitcher, who has already fanned 58 batters this season, who weakened. The massacre started in the fourth inning and it didn't end until the last frame. Herb Dean, once the leading pitcher in the league, but recently shelved, was called into service in the seventh frame.

When Bud Frost hit for a homer the first ball Dean pitched, maybe the veteran wished he had not been called. And before that inning closed nine runs were tallied. The score keeper sounded the gong in the usual manner, and in unison the capacity throng counted the strokes—one, two, three, etc. What a pretty tune that made to the ears of the Etiwanda fans.

All in all, it was a good game. The Lemon Growers had an off night and Etiwanda was going good and that is the reason for the terrible defeat. Maybe the tables will be switched Wednesday night, and maybe both teams will be primed for their best. At any rate, last night's victory gives Glen Shepherd's group a one game lead in the play-off series for the first

Proposed Firearm Law Will Be Topic at Waltonian Meet

Proposed fire-arm ordinance for the county will be discussed at the meeting of the Old Baldy chapter, Izaak Walton league, in the American Legion clubhouse tonight. The measure has been drafted to protect land owners and as a guide for hununters in using private lands.

The measure was drawn at the suggestion of sportsmen and is expected to receive an indorsement at tonight's session. President Hubert L. Manker will be in charge.

Vandals Break Into Legion Gun Traps

Vandals have taken from the American Legion gun traps on Foothill boulevard locks, tickets and miscellaneous material, it was reported today. When the property was broken into is not known, but it was discovered yesterday by William Larkin, who inspected the place.

Some blue rocks were taken, but the traps were unharmed, he said. Entrance was made by taking locks off the doors.

ERNIE PAYNE WILL COACH AT CHAFFEY

Trojan Track Captain Will Be Part-time Teacher; Eight Others Employed

With the addition of Ernie Payne, U. S. C. track captain of the 1931 team, and eight others, the teaching staff of the Chaffey union high school was today nearly complete. Payne, who distinguished himself during his years at Chaffey and at the Trojan institution, will be on the physical education staff as a part-time instructor. He will also attend Pomona college as a graduate student.

Other new Chaffey teachers are Miss Mary Graber, Mrs. Clara Payne, Miss Rhoda Widmer, Mrs. Esther Close, Mrs. A. Powell, Ruth Lewis, Edwin Elliott and Laura Mitchell.

Gardiner W. Spring, Chaffey principal, today announced the names of the new teachers as another step in the preliminary preparations for the school opening in September.

FRIENDS AND NOT MONEY, VALUABLE

Appreciation of Values Changes, W. T. Hadley Says at Club Meet

It takes money to exist, and it also takes friends, and in the final consideration friends are more valuable than money. Such was the gist of an inspirational and educational address delivered by W. T. Hadley, Ontario, at the Upland 20-30 club meeting in The Sycamores last night.

Appreciation of values change as one's age changes, he said, in pointing out that as one gets older the value of friends is realized more and more.

Wayne Kelley, vice-president, and who is also program chairman, was in charge of the meeting, with Ernest Tweed Stone, president, presiding.

Eastern Star Picnic To Be Held Monday

Members of Upland chapter, Order of the Eastern Star, and their families, are anticipating with pleasure the picnic to be held in San Antonio park Monday evening, July 27.

The Star members usually give such a picnic once a year and the event always is an enjoyable one.

The picnic dinner, which is to be given by the chapter, will be served at 6:30, and V. H. Wilson will be chairman in charge.

All Stars and their families who expect to attend are requested to notify either Mr. Wilson or Mrs. R. C. Norton by Saturday.

Sewing Club Meets With Greco Girls

CUCAMONGA, July 21.—The Friday Sewing club, members of which are a group of young girls, met Friday afternoon at the home of Angelina and Gracie Greco, and after a brief business session, spent 45 minutes sewing industriously. When the work was finished the girls played a number of games and refreshments were served.

A similar routine is followed at each weekly meeting and the girls are progressing nicely with their needlework. Angelina Greco is president of the club, and the other officers are: Gracie Greco, vice-president; Jennie Vizio, secretary, and Ada Cooper, press reporter.

Attending the meeting Friday were Wanda Mae Gallagher, Doris Norman, Sarrina Patane, Ada Cooper, Jennie Vizio, Wanda Davis, Junio Greco, Marguerite Thompson and the two hostesses.

The next meeting will be held at the home of Ada Cooper.

Mary Brainard Tent Plans Annual Picnic

The annual picnic to which all members and their families, the obligated brothers and their families are invited, will be held by Mary Brainard tent, Daughters of Veterans, in the Ontario Fourth street park Thursday evening.

Sandwiches, a covered dish and individual service is to be brought by each family. Iced tea will be served by the tent.

The dinner will be spread on the park tables and will be served shortly after 6 o'clock.

Changes of Fifty Years

John E. King, editor of the Hemet News, one of the best small town newspapers to be found anywhere, is receiving the generous felicitations of his "fellow sufferers" of the newspaper game on the completion of fifty years of service in a print shop. Just about the time Mr. King started his labors as "devil" in a country printing office this News Guy got his first peep into this big world. In those days a fellow with a few hundred dollars could start in the newspaper business and what was then a good equipment in the larger towns is now far surpassed by the newspaper offices in the small towns. Where a very small amount of money was then required to equip a small town newspaper office, it now takes $20,000 and upward to properly equip such an enterprise. In those days the linotype was found only in the larger newspaper shops, whereas now they are considered a necessity in shops in towns of only a few hundred population. The same improvement in other printing machinery has also been made. It takes thousands of dollars in these days as compared to hundreds then. And with improved machinery has come improved working conditions.

Reminiscing over his fifty years in the "print shop" Mr. King says in part:

"Fifty years, as mundane existence is measured, is a considerable flight of time. It represents a vast change in the modes of life and in the ways of doing things.

"Science and invention have done more for humanity in the span between 1881 and 1931 than was accomplished in the 300 years before. There was not so much difference in living conditions between 1881 and 1781. True, we had the kerosene lamp instead of the tallow candle; the railroad had come, and we had learned some of the sanitary precautions. But most of the work of the world, particularly in country towns, was still being done by the slow and monotonous hand methods.

"Probably in no avocation has there been a more material change in methods than in the printing office. Fast presses, the art of machine composition, photo engraving, world-wide interchange of news, the typewriter, changes and economies in the manufacture of paper—these are a few of the advancements that have been made in a single industry. Other lines of trade and all of the arts and sciences have witnessed similar or greater changes."

Ladies Do Most Buying

Advertisers throughout the country have recognized for some time that it is the women who do most of the buying and consequently they are directing their messages to the ladies. Not only do the women do the buying for their own needs, but they also look after the family needs and even the men's socks and neckwear. According to a recent survey conducted by the California Building-Loan League, out of a list of eleven items of general character women exceed men as buyers in nine of them. The women are also steadily gaining control of an increasing proportion of the wealth of the United States, it is shown. More than 45 per cent of the 600,000 investors in building and loan associations of California are women—and perhaps the same is true of savings accounts in the banks. Forty-one per cent of the individual wealth of the United States is now controlled by the ladies—and if we specimens of the masculine persuasion don't look out we'll soon be going to our wives to beg money to buy our ice cream sodas.

And it will no doubt surprise many to learn that savings deposits are now rising again—certainly an encouraging sign for the future. Strange as it may seem these deposits did not make any great gain during the prosperous period preceding the depression. From 1920 to 1925 savings deposits made an average gain of 8 per cent, while during the following three years the gain was only 4 per cent—and during the prosperity peak, in 1929, there was actually a loss shown. One of the contributing factors to the depression was the fact that people spent too much and saved too little. With the opposite being true at this time, it seems inevitable that improvement in conditions is bound to result—in fact, is already being shown.

And now the state of California proposes to beautify its highways and make them more attractive and pleasing to look at. A resolution passed by the last state legislature directs the Division of Highways and the Division of Parks to formulate a state-wide plan of highway beautification and report to the legislature next year. Lovers of California scenery and various organizations have for several years been urging the state to clean up its highways and beautify the roadsides. This plan will not only please our own residents, but will also make a more pleasing aspect for the thousands of tourists who come to California each year.

It appears to us that the oil industry don't have any more reason for hollering than do the farmers of the middle west over their wheat prices—and other farm products also, as far as that is concerned. The wise ones say it's overproduction that has knocked the wheat price clear down in the cellar—and the same seems to be true of oil. As long as they continue to produce more oil than the market can absorb there's bound to be low prices for it. Still we presume there will continue to be more new oil wells opened up and more acreage put in wheat.

"It is curious, isn't it, that the man with a little mind usually has a big mouth," remarks the El Segundo Herald. We'd say that's not so hard to understand—simply a matter of overdevelopment on account of excessive use.

Just read that a physician says a man's health is indicated by the length of time he can hold his breath—and his wisdom by the length of time he can hold his tongue. Just let that latter statement "soak in."

We read a lot about this "free wheeling" business, but we have always found that it costs us plenty to drive an automobile.

VETS BUY LAND

Investments in farms and homes for World war veterans by the California Veterans' Welfare board during the month of June exceeded any previous month by $200,000, according to advices received today by James K. Fisk, state adjunt of the American Legion, from George M. Stout, secretary of the board. During the month 320 farms and homes were purchased by the board costing $1,500,225, bringing the total investments in property throughout the state up to $41,000,000.

Parks Tour Enjoyed by Mr. and Mrs. Winter

After a two weeks tour of several of the national parks in the Rocky mountain region, Mr. and Mrs. Geo. L. Winter returned Friday evening to their home on Arrow route.

The trip was made with a personally conducted touring party, leaving Los Angeles on the Southern Pacific and traveling through the parks on comfortable motor stages. With not one care as to road maps, gas stations, hotels, etc., to distract their attention from the pleasures of the trip, Mr. and Mrs. Winter are enthusiastic about this mode of sight-seeing when the places to be visited are so fraught with interesting facts from Nature's storehouse and so prolific of scenic beauties that might easily be missed by individual tourists.

The great Yellowstone park, in which the party of 46 spent one delightful week, was visited first. The second week of the tour was devoted to the Utah national parks, with a trip to the north rim of the Grand Canyon and Zion National park, Bryce Canyon park, the Cedar Brakes, and other places being visited.

During the second week, the party contained 55 tourists, mostly from Chicago. Over-night cabins and lodges where meals are served are maintained in the national parks and the courtesy and willing assistance of the forest rangers added to the comfort and pleasure of these stop-over rest periods.

At all of the more important places in the parks there were ranger naturalists who gave lectures on interesting features of their particular sections.

Many miles of new roads are being constructed by the government, giving work to large numbers of men and making traveling more pleasant.

In some places, particularly as the road traversed a portion of the Utah desert, high temperatures were encountered, but the greater part of the time the weather was very pleasant, especially in the depths of the cool, green forests. At one point in the Cedar Breaks, at an elevation of 10,000 feet, the temperature was as low as 54 degrees.

Mr. and Mrs. Winter say this was one of their most enjoyable sight-seeing trips.

Mrs. Elna Reid Hostess At Pretty Stork Shower—

Responding to an invitation from Mrs. Elna Reid, a group of mutual friends gathered at her home, 925 East Ninth street, Friday evening and participated in a prettily arranged stork shower, Mrs. Roy Taunton of Los Angeles, formerly Miss Rhoma Wisely of Upland, being the honored guest.

Some time was spent in playing merry games and when prizes were awarded the lovely gifts were presented to Mrs. Taunton as the guest prize.

The serving of refreshments concluded the happy evening.

Guests of Mrs. Reid were Mrs. Taunton, Mrs. Oris Heinauer, Mrs. Elaine Isom, Mrs. Frank Jones, Mrs. Colleen Hull, Mrs. Ellery F. Wright, Mrs. Fred Deen of San Bernardino, Miss Phyllis Moore, Miss Sarah Louise O'Brien, Miss Marjorie Bolinger, Miss Arvilla Steiner, Miss Harriet Frost, Miss Dorothea Billington and Mrs. Wisely.

La Estrella Members Invited to Ontario Picnic—

Wishing to share with their neighbors the anticipated pleasure of a picnic in Fourth street park Thursday afternoon and evening, members of the social circle of the Ontario Eastern Star chapter have extended an invitation to members of La Estrella auxiliary, O. E. S., to join them in the out-of-doors gathering.

During the afternoon the women of the two organizations will enjoy a bridge tourney and at 6:30 their husbands will join them for a picnic dinner.

The picnickers are to bring their own table service and basket dinner. The announcement of the invitation was made today by Mrs. W. D. Barker, president of La Estrella auxiliary.

Warburton Party Returns From Week at Big Bear—

After spending a week in the Warburton cabin near the Peter Pan club at Big Bear, Mrs. F. L. Warburton and daughters, Wanda and Eleanor, and Miriam and Marjorie Millard, returned home Saturday evening.

The weather was delightful during the entire week, a brief electrical storm and shower being particularly enjoyed by the young people, who purposely took a thorough drenching in the rain.

Boating and swimming, tennis on the nearby court and hiking were enjoyed by the group. The fresh, spicy air and crisp nights afforded no small part of the pleasure of the vacation.

Brilliant Wedding at St. Mark's Church

In the presence of a large and interested group of relatives and friends, Miss Caroline Roberts Brownson, daughter of Mr. and Mrs. Roswell Roberts Brownson of West Eighteenth street, became the bride of Cleland Folinsbee Baxter, son of Dr. Lillian Folinsbee Baxter of Euclid avenue, in an impressive ceremony performed at 8:30 o'clock Friday night in St. Mark's Episcopal church.

With yellow gladioli predominating in the floral arrangement at the altar, a golden color motif was employed in the church decorations, the dark green of fernery lending a contrasting touch.

The thrilling strains of the bridal chorus from "Lohengrin," played by Mrs. George Gregg at the organ, heralded the approach of the bridal party promptly at 8:30.

Revealing a pretty sentiment, the bride wore her mother's wedding gown of rich ivory satin fashioned in princess style, while the cap of her wedding veil was a delicate lace kerchief that once was owned by her paternal great-grandmother. A Spanish rosary of antique gold filigree set with pearls, belonging to her aunt, Mrs. Thomas C. Hart, was her only jewelry, and she carried a lovely shower bouquet of lilies of the valley and gardenias.

As maid of honor, Miss Isabella Hart, of Sharon, Conn., a cousin of the bride and the daughter of Rear Admiral Thomas C. Hart, superintendent of the United States naval academy at Annapolis, Md., was attired in a gown of yellow organdy and carried yellow baby gladioli.

The bridesmaids wore frocks of green organdy, their flowers also being yellow baby gladioli. They were Miss Mary Marshall and Miss Ida Vernon of Upland, Miss Katharine Hawley of Oakland, and Mrs. Frederick von Schlegell, Jr., of Long Beach.

Beecher F. Hungerford of Upland, a cousin of the bridegroom, served as best man and the ushers were Newton F. Wheeler of Monrovia, Frederick von Schlegell, Jr., of Long Beach; Warren Pallette and Louis Andrews, Jr., both of Los Angeles.

Meeting at the altar the bride and the bridegroom exchanged the marriage vows, the Rev. Stephen Clark, Jr., of Pasadena, being the officiating minister. The bride was given in marriage by her father. Mendelssohn's "Wedding March" was played by Mrs. Gregg as the recessional.

Immediately following the ceremony a wedding reception was held at the Red Hill Country club, where the golden color motif again was used, the flowers being gladioli, dahlias and canna with fernery. More than 250 guests attended the reception. The bride's mother wore a gown of blue lace while the mother of the bridegroom was attired in a gray lace gown.

The bride, who has the distinction of being the granddaughter of Rear Admiral Willard H. Brownson, the oldest living graduate of Annapolis, and Mrs. Brownson, of Washington, D. C., attended the Katharine Branson school at Ross, and also Wellesley college, Wellesley, Mass., and is widely known in social circles in Southern California.

The bridegroom, also a member of a prominent Upland family, has resided in Upland the greater part of his life, his late father having been a well-known citrus rancher and banker of the West End. He is a graduate of Stanford university and a member of Beta Theta Pi fraternity. He is now affiliated with a Los Angeles financial institution.

Mr. and Mrs. Baxter are now en route to Mexico City on their wedding trip, going by ship to Mazatlan.

Mrs. Stella Breffle Enjoys Vacation at the Beaches—

Mrs. Stella Breffle and her friend, Miss Ella Rasmussen, returned Sunday night from an enjoyable three-days visit at the beaches. Leaving Friday, they went first to San Clemente, where they remained over night. They then went to Long Beach, where they spent Saturday and Sunday.

Although they found it rather warm on the streets and the beach sands in the full glare of the sun, yet in Bixby park it was delightfully cool, a light wrap being necessary both Saturday and Sunday evenings.

Upland, Alta Loma Group Attend Musical Festival—

Going to San Diego by the inland route early Sunday morning, Mrs. Emilie Roeben and her son, Walter, accompanying Mrs. Arthur Relph and daughters, Prudence and Crystal of Alta Loma, attended the musical festival given Sunday afternoon in Balboa park by the Los Angeles Institute of Musical Education.

Between 400 and 500 students of the institution took part in the program, the feature of which was the ensemble playing of approximately 400 violinists. Walter Roeben and Crystal Relph were among the performers.

The group returned home Monday, coming north over the coast route and stopping at a number of beaches.

Miss Riley Honored at Pre-Nuptial Shower

Closely following the announcement last week of her engagement to Noah F. Chormicle of Hemet, and of plans for their wedding on Aug. 16, Miss Gladys Riley was the honored guest at a linen shower given Saturday afternoon at the home of Mrs. Ernest Olson, 280 Eighth avenue, Mrs. Olson and Miss Ethel Olson being hostesses, assisted by Mrs. Alma Olson.

Several contest games were played, one very cleverly arranged contest calling for the "drawing" of various pictures on a piece of cloth with needle and thread, the pictures, many of them remarkably well done, relating, of course, to the bride-elect. In this game Miss Ruby Moser won first prize.

The shower, in inverted fashion, came up from the depths of a wishing well, the high curb of which was vine covered and supported an "old oaken bucket." Each guest was permitted to draw her "fortune" from the well, it falling to Miss Riley's lot to draw the hidden treasure.

After the packages had been opened and the beautiful linens inspected, the hostesses served a refreshing summer collation, daintily appointed trays being used. Summer flowers were used in the house decorations.

Guests invited to the shower were Miss Gladys Riley, Miss Jessie Brown, Miss Elizabeth Wright, Miss Ruby Moser, Miss Esther Anderson, Mrs. A. J. Colgan, Mrs. Fred R. Rickel, Mrs. Clifford Jellison, Miss Florence Armstrong, Miss Lois Kent, Mrs. Jacob Hilty of San Diego, Miss Ruth Hilty, Mrs. Walter Hilty, Miss Hazel Miller, Miss Ena Hawthorne, Misses Helen and Bernice Jones, Mrs. Vernon Paine, Miss Harriet Riley, Mrs W. H. Riley, Mrs. Faye Spencer, Mrs. Ethel Smith, and the three hostesses.

Vesta Wisely Celebrates Her Birthday With Party—

In celebration of the eleventh birthday of her daughter, Vesta, Mrs. Isabelle Wisely entertained a number of Vesta's friends Saturday afternoon at her home on Washington boulevard. The guests were fellow Campfire girls.

A number of games were played, perhaps the most amusing being the game of "cootie." Later in the afternoon refreshments, including a pretty birthday cake, were served.

A number of lovely gifts were presented to Vesta by her guests, who were Peggy Grahame, Nellie Carter, Dorothy and Jeanne Benson, Dorothy Jean Rosenberger, Jane Daggs and Virginia Crabtree.

G. T. Club Enjoys All Day Picnic in Canyon—

One of the most pleasant of the many enjoyable meetings held by members of the G. T. Embroidery club was the all-day picnic party given Sunday, Mrs. A. M. Wisely being hostess at the attractive Wisely home in Bear canyon.

With the members all contributing dishes, the picnic dinner, as well as the supper in the evening, was served in the yard of the Wisely home, the large pond and tractive place. Mrs. Wisely had flower garden making it an at- the conveniently arranged tables prettily decorated with yellow and blue flowers.

The time was spent by the group of friends in pleasant visiting and in exploring the alluring forest paths along the mountain stream, the entire day being a quiet and restful one and altogether enjoyable.

Guests of Mr. and Mrs. Wisely were Mr. and Mrs. I. N. Hamer and Mr. and Mrs. Elsworth Forenson of Pomona, Mr. and Mrs. C. O. Deverts, Mrs. Isabella Wisely and daughter, Vesta; Mr. and Mrs. Ed. Lutz and son, Frank Lutz; Mrs. Eva Alford, Dr. E. R. Son, Mrs. C. E. Allen, and the Wisely children, Alden, Marie and Jack.

The August meeting of the club members will be a picnic in Ganesha park.

State Picnics

OHIO

All who ever lived in Ohio are invited to meet for the great picnic reunion, Saturday, Aug. 1. There will be county registers and headquarters so all can find the old neighbors.

There will be a brief program opening about 2 o'clock, but the main purpose will be to have a good time. All the tourists and visitors from the old home state are invited as well as our residents. Coffee will be supplied for all, good eats can be secured in the park.

New Mexico, Arizona, Nevada

The great annual event for Arizona, New Mexico and Nevada folks resident or visiting in California, is the splendid picnic reunion held in Bixby park, Long Beach, each summer. This year it will be Wednesday, July 29. It will also be the time when the excursionists from these states will be here and hundreds of tourists present. Meet these tourist friends. All the picnic attractions will be staged with program, basket dinners, county headquarters.

The Busy Driver

He had one arm upon the wheel—
Quite joyful was his ride;
The other arm was wrapped around
The "sweetie" by his side.
A "copper" yelled, "Use both your hands!"
In a voice that carried far.
"I can't," that loving swain replied,
"I have to steer the car."

The best contribution you can make to increasing prosperity is to save on your overhead expense and apply the saving to your own business.

Citizen Groups, Engineers Speed Metropolitan Aqueduct Building

Above: Frank E. Weymouth, Metropolitan Water District chief engineer, who will build the 266-mile Colorado River Aqueduct. Upper left: A core drilling crew determining rock formations along the line of the 13-mile San Jacinto tunnel, longest one on the state-spanning route. Lower left: Map showing Aqueduct route from Colorado River to 15 District member-cities. The giant conduit will carry a billion gallons of water daily, thus relieving the tremendous drain on this region's rapidly dropping wells.

With Citizens Colorado River Water Committees actively at work today in member cities of the Metropolitan Water District urging immediate Colorado River Aqueduct construction, District engineering crews are engaged along the far flung conduit route to determine precisely the location of the line.

As an important move in the organization of active support of immediate construction, the various citizens committees are now mailing out, to residents of the District, thousands of cards asking for prompt action. These endorsement cards are being signed and sent back in vast numbers by Southern California citizens, the committee announces.

The Metropolitan Aqueduct, with its intake in the Colorado River at Parker, will sweep through and over mountain ranges and across vast deserts on the way to its goal in Southern California, where fifteen towns have joined together in the gigantic undertaking of salvaging a portion of the gallonage that annually runs, wasted, into the sea.

The picture above shows a crew of men sinking a test hole in the mountain above the line of the 13-mile San Jacinto tunnel. By means of this and similar drilling operations under the direction of Chief Engineer Frank E. Weymouth, the Metropolitan Water District is solving the underground secrets of trackless wastes which must be traversed by the huge man-made conduit that is to carry the Colorado River water into Southern California where water levels are dropping at an alarming rate.

MRS. E. A. REYNOLDS DIES HERE MONDAY

Mother of Albert C. Reynolds Succumbs at Age of 87; Funeral Tomorrow

Mrs. Ellen A. Reynolds, mother of Albert C. Reynolds, passed away Monday, July 20, following an illness of more than two years. She had reached the advanced age of 87 years.

A native of Rhode Island, Mrs. Reynolds, the widow of James Reynolds who died in 1891, came to California in 1908, residing in Ontario until two and a half years ago when she came to Upland to make her home. She was an attendant at the Baptist church in Ontario until her failing health kept her at home.

Mrs. Reynolds leaves two sons, Albert C. Reynolds of Upland and Ralph Reynolds of El Centro.

Funeral arrangements have not been completed but it is known the service will be held in Draper's Ontario chapel at 11 o'clock Wednesday morning.

Flood Control Fund Will Be Object of Meeting on Friday

Administration of the state and county flood control fund will be studied at the meeting Friday of supervisors of San Bernardino, Orange and Riverside counties.

With the sum of $200,000 coming from the state to be matched by local funds over a two-year period, the supervisors are faced with the task of perfecting the proper organizations to administer the fund and to supervise the work.

Through the addition of 10 cents to the count tax, San Bernardino's share of the fund is to be raisd. This addition will raise $40,000 a year and will be in effect two years.

SENATOR JONES ROTARY SPEAKER

Representative From This District Tells of Work of Legislative Bodies

Hon. Isaac Jones of Ontario, who represents this district in the state assembly, was the speaker at the weekly meeting of the Upland Rotary club at The Sycamores today noon.

Mr. Jones stated that the legislative bodies of California are practically non-partisan in their work and that the legislators will average up pretty well in intelligence with the other citizens of the state.

In speaking of the lobbyists the senator stated that they are honest men giving out information for the general good of the people at large, while of course there are also those who are there for selfish purposes only. Thus he did not brand the lobby as an altogether evil.

Mr. Jones also spoke on the plan of the state and stated that unequality of the present taxing the principal of inequality must be taken to the people of the state so they may be better able to vote a remedy, such as has been proposed and sponsored by Chairman C. E. Grier and the other members of the San Bernardino county board of supervisors.

Other matters of legislation at the last session were mentioned by the senator and his talk was very interesting and informative.

The club was glad to hear a letter from Archie Moore read. Mr. and Mrs. Moore are spending the summer on Puget Sound and a program and greeting were sent from the Portland club, where Archie was formerl a member and before which club he appeared on the program with some of his pleasing solos a short timt ago by request of the club.

Billboards Come Down as Campaign Is Started

Fifty thousand billboards in California have been destroyed in the last two weeks, stated a recent article appearing in the Los Angeles Times.

"An army of 1000 men began on May 18 to straighten up the scenery and put the glistening crowns of our mountains on the heads that ought to wear them," the article declared. "But not only is the state cleaning up within its jurisdiction, but an ordinance is being drawn by county boards of supervisors that will take care of most of the remaining billboards.

"Now when we invite our friends to come and see the wonders of the world, there is reason to hope that we will not have to conduct them down a dark alley of ads. Having more to be seen than any other state, it will no longer be a dead secret. That something just around the corner, which the world has talked so much about, is a California view!"

WHATAMAN HUDSON CASE LINKS UPLAND

Rev. C. Sumner Reynolds Performs Marriage Ceremony in Former Wedding

Incidents surounding "What-a-man" Hudson today have an Upland connection. The much-married man and recently the bridegroom at Mrs. "Ma" Kennedy's wedding, was married to a former wife by Rev. C. Sumner Reynolds of Upland. The ceremony was performed at Las Vegas and united Mr. Hudson and the woman who is now figuring in contemplated bigamy proceedings.

Rev. Reynolds may be called as a witness in the bigamy charges and he has notified C. C. Hallin, prosecuting attorney at Kelso, Wash., that he will go north if the case demands his appearance.

Picture of Rev. and Mrs. Reynolds appeared last night in a Los Angeles paper as figuring in the much-publicized Hudson-Kennedy matrimonial affair.

The Son: Look me over, Dad. Nifty scenery, what? I'll say Solomon in all his glory was not arrayed like me.

The Dad: I reckon not. Solomon was a wise man, son.

Injured Finger Only Evidence of Crashes

An injured finger was the result of the most serious automobile accident in the district over the week-end. Henry M. Taback, Long Beach, and J. Carnaham, Claremont, figured in a collision at Ninth street and Mountain avenue. The Claremont man received the injury when he sought to avoid the crash and ran his machine into the curbing.

Teacher: Willie, define and give me an example of heredity.

Willie: Heredity means that—that—if your grandfather didn't have no children, your father wouldn't have none either—and neither would you.

GROWERS HANDED TERRIBLE DEFEAT

Etiwanda Trounces Veterans to Take Lead in Play-Off Series

(Continued from Page One)

round honors. If they win again Wednesday, the question will be settled and the regular schedule will be started next Monday. If the Growers win tomorrow, the grand finale will come Friday.

From the Etiwanda standpoint, too much cannot be said about the way Kemp pitched, the way Mueller hit and fielded, the way Parker performed at bat, the work of Johnston, the young kid shortstop, and in general the way the entire nine performed.

Mueller is known only for his stellar performances in center field, and what a surprise he gave close followers of his batting average by his homer in the fourth frame. Two men were on. His stick average is less than 200 and strike-outs most of the time. But he hit and he drove in two scores, along with his own to put Etiwanda in front, 4 to 3.

Willard Parker led the Etiwanda attack with four hits out of five times up, while Francis Johnston was a close second with three out of six. Besides connecting for a home run, Mueller pulled his team out of several tight holes with his spectacular fielding in center field. Bud Frost, hard working Etiwanda catcher, came in for his share of the victory in the seventh frame when he started off that hectic inning with a long homer into left field.

As to the Lemon Growers, the defeat was by no means the entire fault of Meek and Dean, the pitchers. Seven errors were recorded and four of these came in the seventh inning.

The Growers' pitchers were not only off form, but also none of the packers could hit. The team connected six times and only one was good for extra bases. Levi Hirschler, cool in spirit and usually hefty with his swings, got only a single.

It just wasn't the night for the Growers to win and even the Ontario Triple A nine could have defeated them last night.

Naisbitt Sentenced to Jail for One Year

Sentenced to serve one year in the Los Angeles county jail on charges of manslaughter and hit-and-run, Harold F. Naisbitt today appeared in the Los Angeles superior court. Edward E. Gray, his attorney, said he would decide today or tomorrow on the question of appealing the case. Naisbitt had asked for probation and more than 100 of his friends had written to the probation officer in his behalf.

Due to the belief of his friends and family that he is innocent, Mr. Gray has been asked to appeal the case.

Mrs. Naisbitt, who steadfastly supported him throughout the court proceedings, could not be with him today, for she is the mother of a son, born Sunday at the San Antonio Community hospital.

Atwoods, Rialto to Cross Bats Tonight

Atwoods and Rialto's "Pure Gold" baseball teams will provide the diamond entertainment on the junior high diamond tonight.

Getting underway at 8 o'clock, the exhibition encounter will provide fans with some good sport and the players with some good practice. No admission will be charged.

Atwoods Finish With Big Lead Over Lodge

Manager Glenn Atwood's ball club finished up the first half of the season in a big way Friday night when they pounded two Woodmen pitchers for 17 hits and carried off a 19-5 victory over Oscar Frantz's Woodmen.

Atwoods scored at least one run in all but three innings of the one-sided contest, and after the fourth inning were never in danger of being overtaken. Jake Voth went the nine innings on the mound and pitched what was probably his best game of the season. With the exception of the second inning, Jake kept the Woodmen's nine hits well scattered. Voth also struck out 13 Woodmen batters and did not walk a single man.

The first four innings were real exciting, Atwoods holding a 3-2 advantage at the beginning of the fifth frame. From that point on, however, Atwoods made a walkaway of the contest and scored 16 runs in the next four innings to put the game on ice. Harold Zenz and Otto Lichti led the Atwood attack, Zenz getting a home run, a double and a single in five times up, while Lichti came through with a pair of singles and two doubles out of six tries. Voth also connected for a home run for the winners in the opening inning.

Cool Theater Shows Two Good Pictures on Week's Program

One of the coolest places in the citrus district is the Upland theater, which maintains a temperature to make one feel comfortable during the summer heat and the film attractions this week are also an inducement for one to attend the local movie house.

"The Drums of Jeopardy" shows tonight and tomorrow, with "Women of All Nations" on the screen Thursday and Friday. Story in tonight's and tomorrow's featured picture is of the type calculated to thrill and terrorize. The "drums" of the title are set with rubies and are hung on a necklace that was once stolen from the neck of the wife of the Emperor of India. Tradition declares that if one of the drums is detached and sent to a man he will die within 24 hours.

The necklace has belonged to the Russian royal family of Petroffs for several generations and then it falls into the hands of Boris Karlov, whose daughter was betrayed by one of the Petroff princes. Of the four men in the Petroff family, Karlov does not know which one was responsible for the death of his daughter, so he sends the drums, four of them, one by one, to the Petroffs.

"Women of All Nations" will bring here not only Victor McLaglen and Edmund Lowe, but also their blundering marine companion, El Brendel and Greta Nissen. More than 150 international beauties are included in the most gorgeous array of feminine pulchritude ever to appear on the screen.

Ontario Fire Truck Here on False Alarm

Looking for the fire they were sent to put out, Ontario firemen yesterday sped through Upland and later returned home to find the alarm was false.

Alarm that new school building at Sixth and Sultana was on fire, sent the department to that location. As there was no fire there, the smoke eaters called back to their office, on the suggestion that the call might be for a fire on Sixth avenue, Upland, the truck sped here. There was no fire here.

Dr. Irvin A. Engle, Methodist pastor, is this week at Idyllwild as a member of the faculty of the annual Epworth League institute.

ESSAYS TELL OF CITY'S HISTORY

Manuscripts From Woman's Club Contest Reveal Facts About Years Ago

In line with the program of the Upland Woman's club for stimulating interest in local civic and educational affairs, an essay contest was sponsored by the club last spring, the contestants being pupils of Upland junior high school and the upper grades of the Colony school.

The general subject assigned was, "Early History of Upland and Cucamonga," the contestants selecting their own specific subject.

Many exceptionally good papers were submitted and from time to time the prize-winning essays will appear in The Upland News.

In the seventh and eighth grade contest the first and second prizes were divided between the essays of Winifred O'Brien and Stephanie Austin.

Education in Upland
By Winifred O'Brien
(Eighth Grade, Upland Junior High)

The first school started in Upland was the San Antonio school on Eighteenth street, in September, 1886. A man who came down from Canada, a Mr. Oshome, gave two and one-half acres for it. The pupils numbered ten, seven boys and three girls. All the children had to sit on one bench. In 1888 additions were made to the school. The first three teachers were Mr. Holiday, Miss Featherstone and Miss Cooney. The second school was on Seventh street, built in 1887. It had few pupils and was abandoned several years ago.

A school was needed to be built next, to provide for the needs of the finest little city in San Bernardino county. It was built on the corner of Ninth and Euclid, where the present Upland Lumber and Milling company stands. It was a two-room school with Mrs. Herbs as principal. There were only seven grades here. Miss Brown was first grade teacher. Because of the small amount of room, the second grade was moved to another building on the same grounds, and the first to Second avenue where Dr. O. A. Thompson's office is now.

In 1907, since the pupils were far too many for their cramped quarters, a five-acre tract of land was bought on Tenth street here in Upland from Mr. Pehl. The building was completed in 1909. Mr. Hill, the first principal, is now principal at Chaffey. Miss Noe was principal for a good many years, but withdrew in 1927. In 1917 there were as many as twenty teaching there, but in 1928, because the building was so crowded, bonds were passed and a new junior high was built. The junior high was not entirely finished until 1929, although classes were held there during the year 1928-29. The school is not large, but at present it holds two hundred pupils.

Chaffey, the union high school that we are so justly proud of, was first started as a college by the Chaffey brothers in 1883. They named it Chaffey college and set aside twenty acres for it. The first building was built where the Chaffey library now stands. As Ontario high school, the present Liberal Arts building was built in 1909. The cities of Ontario and Upland united and erected the other main buildings. The cost of the bonds amounted to $200,000. The campus was given to Chaffey high school by the Chaffey college trustees.

The Chaffey district started a junior college in 1917 and Dean Booth was given charge of it. In 1930, because Chaffey could not hold the college and high school both, a junior college building was started on Fifth and Euclid. It is now completed and plans are being made for another to be erected soon.

Upland may be proud of her educational advantages for a town of her size, and for the fine teachers she has employed in her service.

We students appreciate what is being done for us and hope that some day we may show others what good use we can make of it.

Mrs. Brady Better Following Operation

Reports from the San Antonio hospital bring the welcome news that Mrs. O. P. Brady is getting on nicely. Mrs. Brady submitted to an operation last Friday and her friends have been making many inquiries as to her condition.

While she is not yet permitted to receive company, still attendants state her improvement is very satisfactory.

The tendency for many years in this country is to do less work or as little as possible. It may be all right but so far nobody has ever gotten very far without hard work and lots of it . . . The independent voter may be independent enough. But the mess he often makes in his voting costs him and other citizens a plenty . . . A Windom young man was reading the sport page of the daily paper when he came across a notice of a wrestling match. Throwing the paper to the floor and grabbing his hat, he said: "Gosh, that reminds me I have a date with my girl tonight." . . . Some people give Columbus great credit for discovering America, while others don't see how he could have missed it. . . . The man who once said "everything that goes up must come down" must have lived before the days of taxes.
